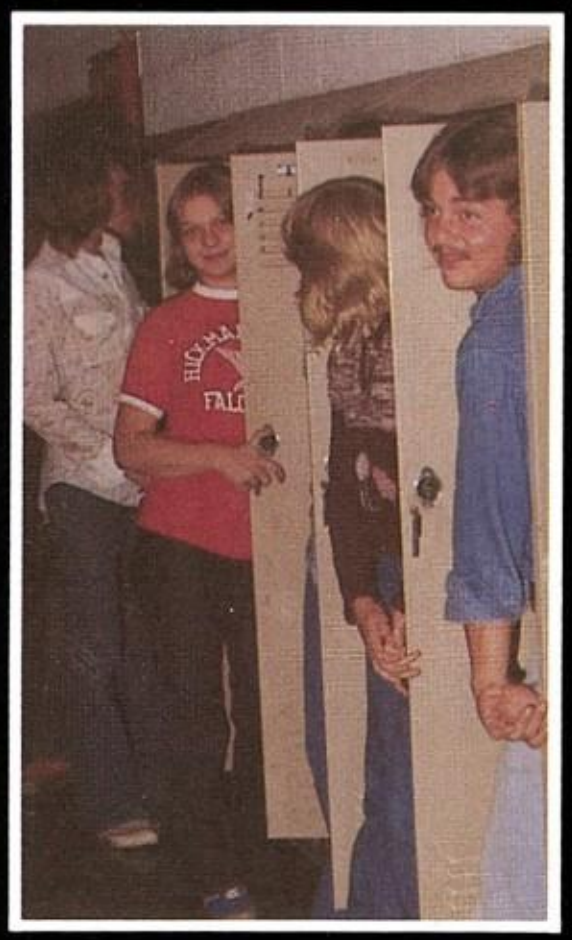
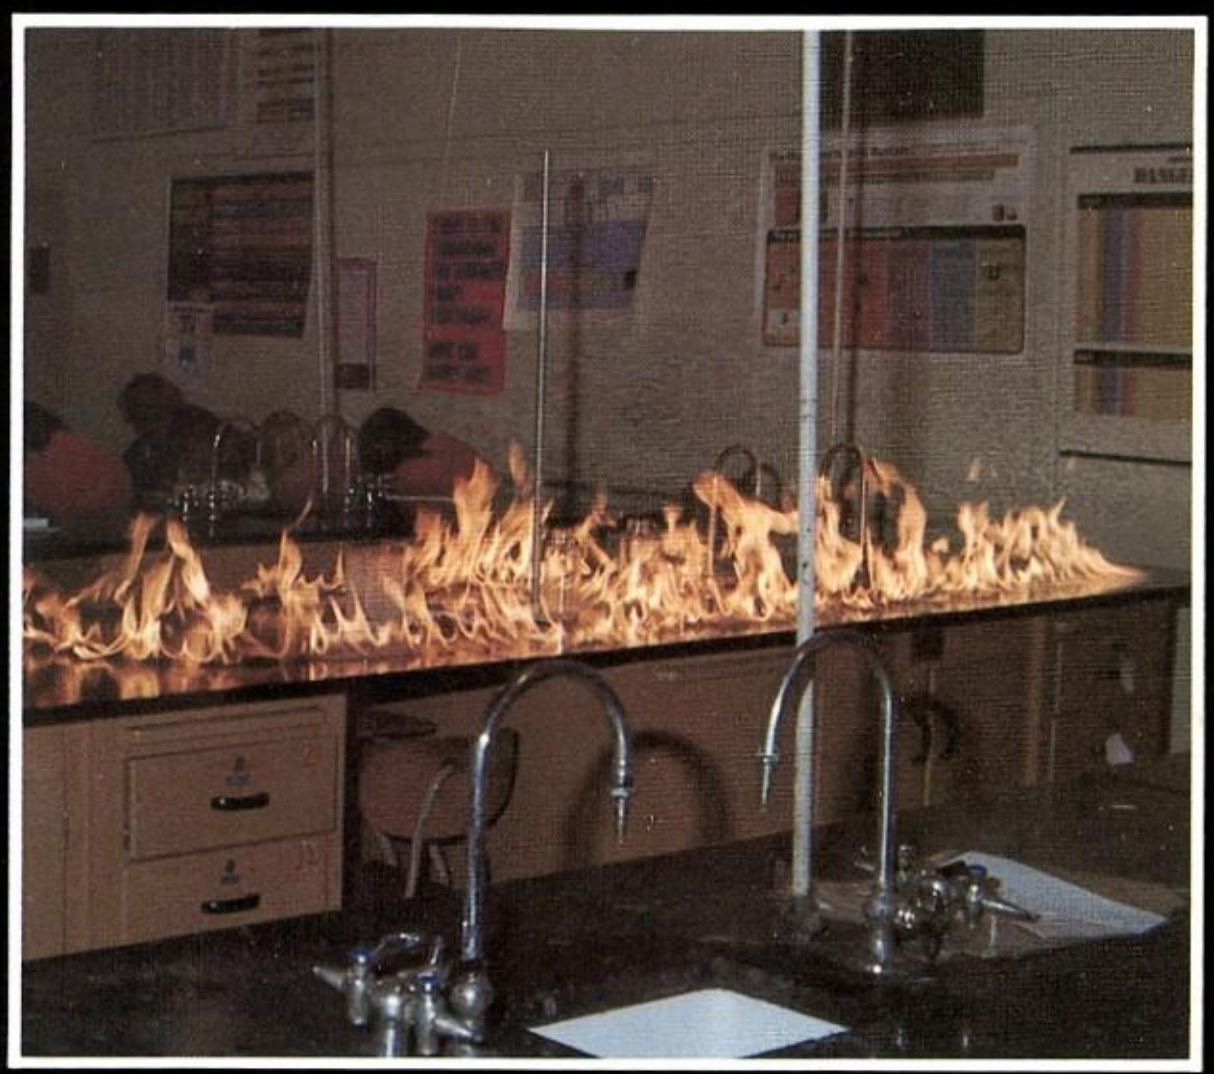
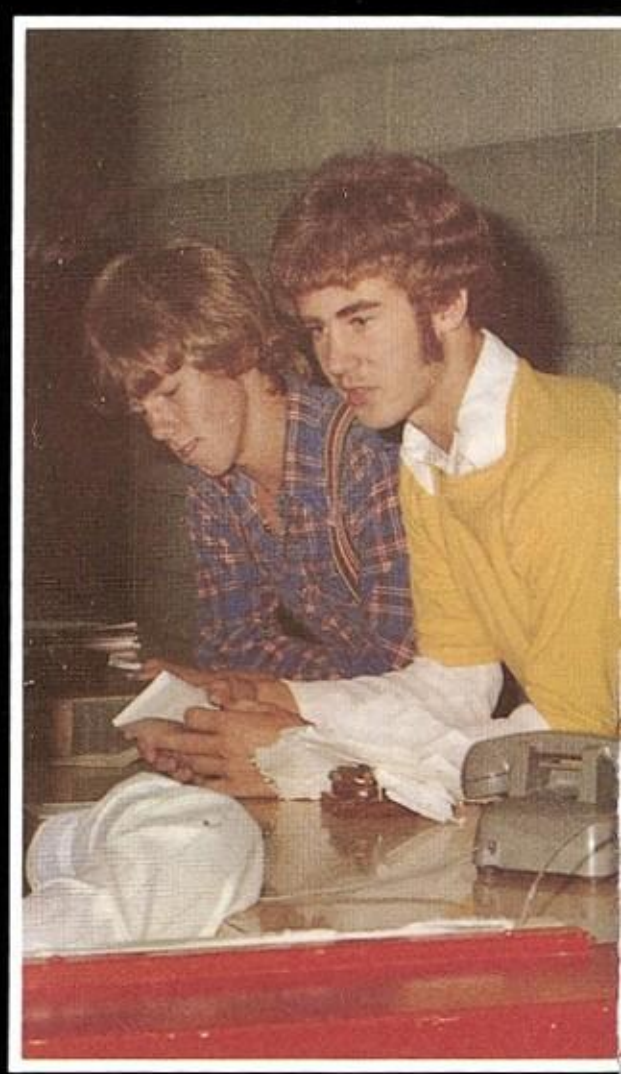
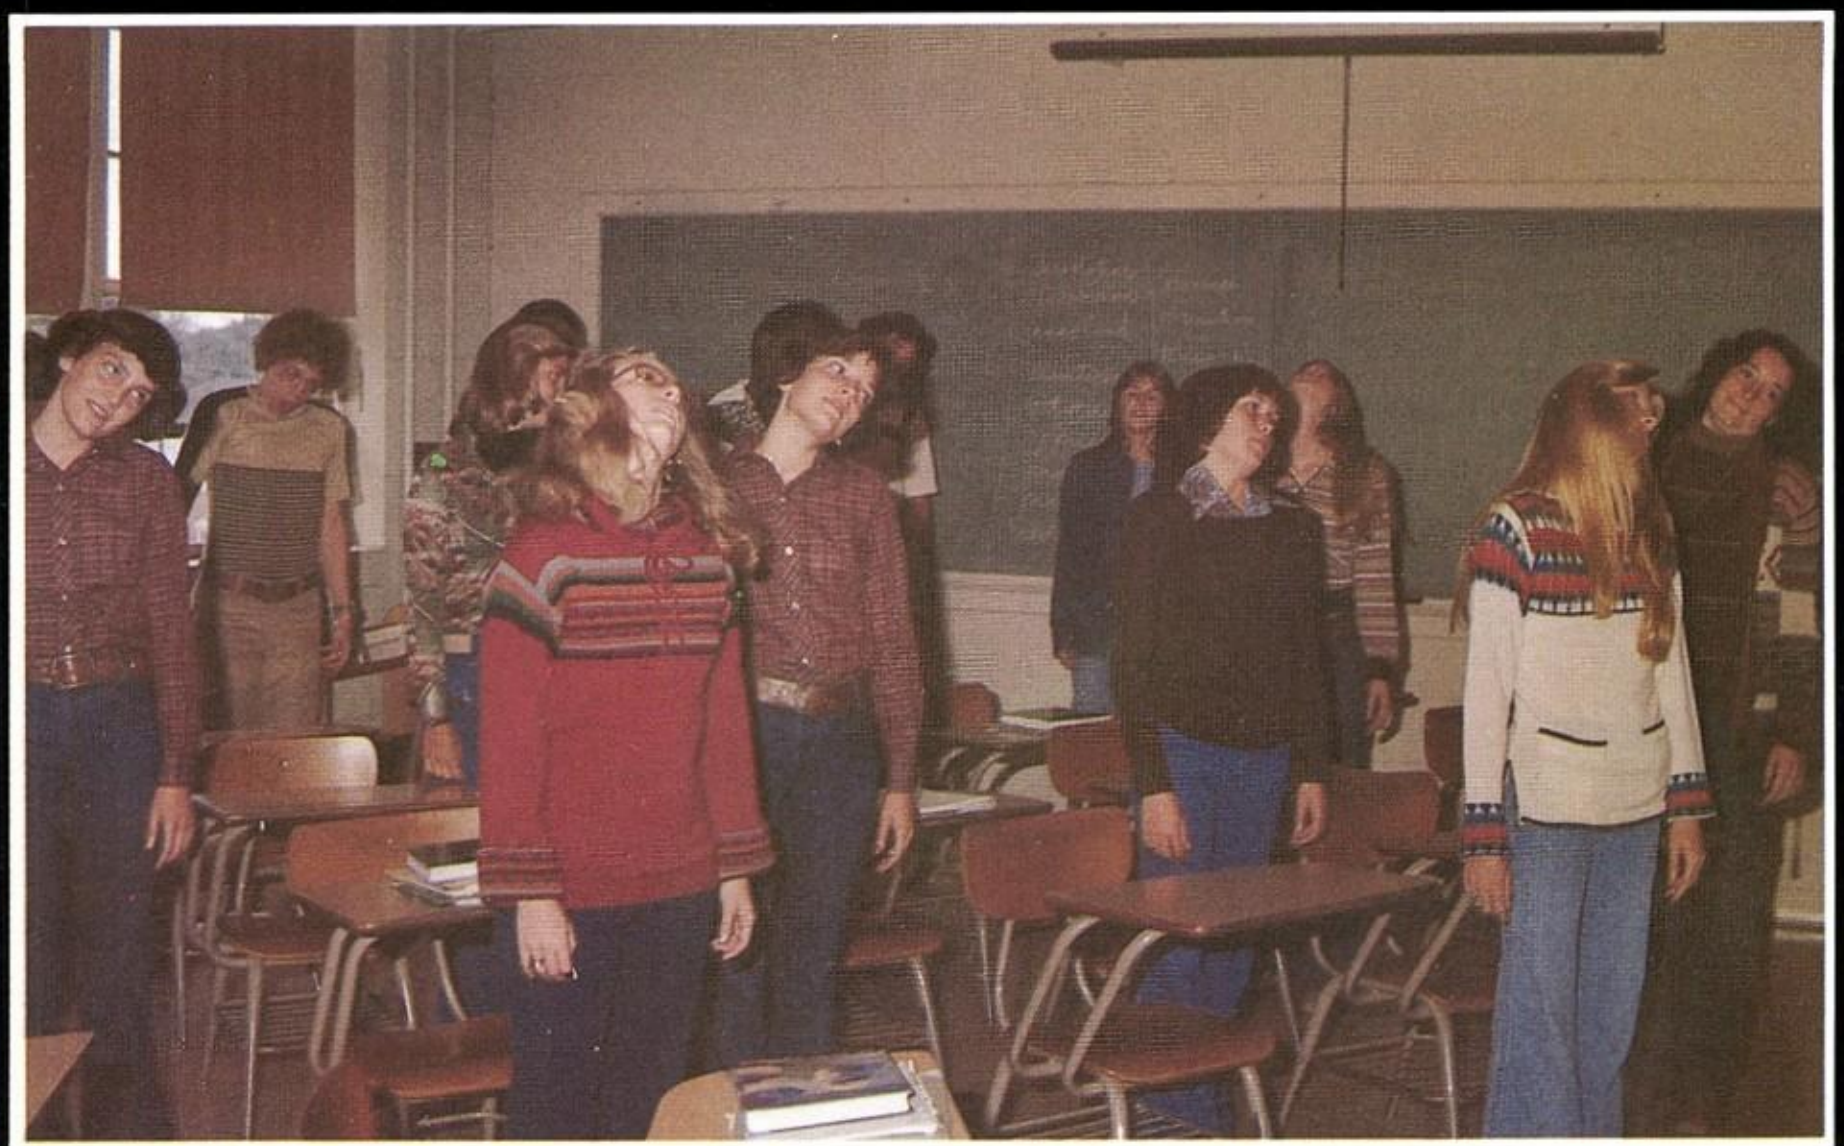
great (grāt) adj. 1. much higher in some quality or degree; much above the ordinary. 2. of most importance; highest in its class. 3. clever; expert; skillful. 4. EXCELLENT . . .

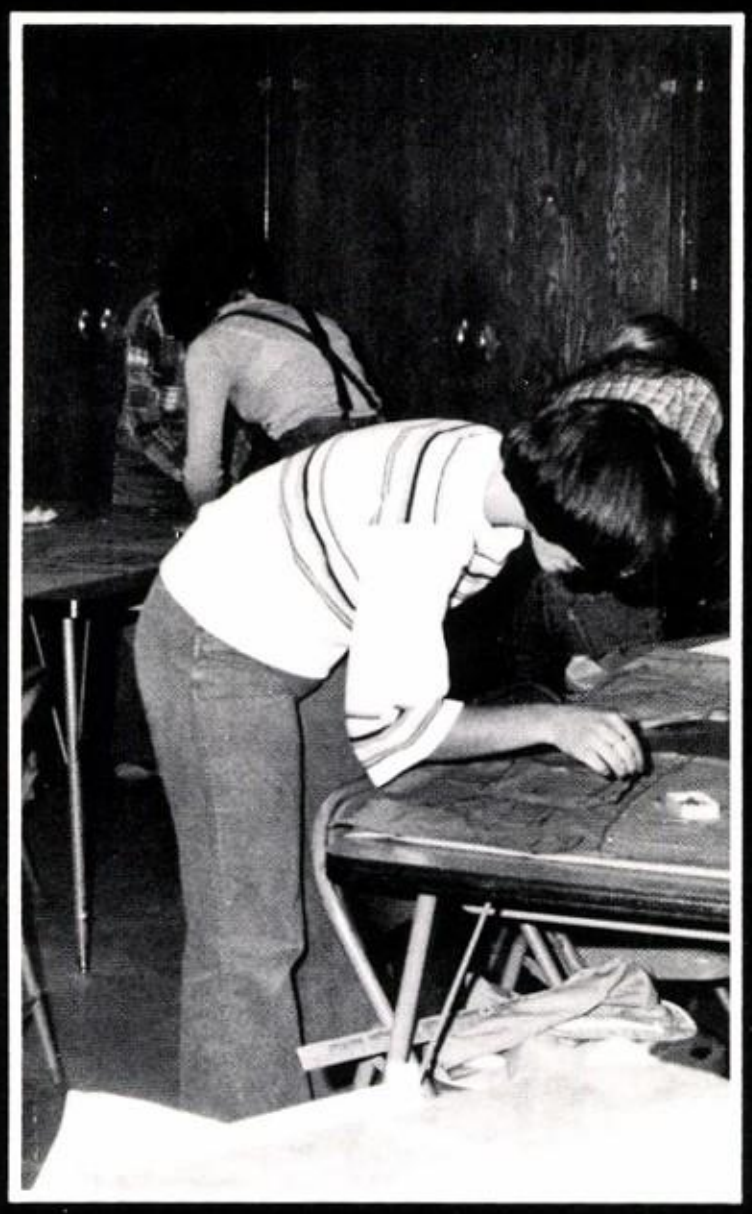


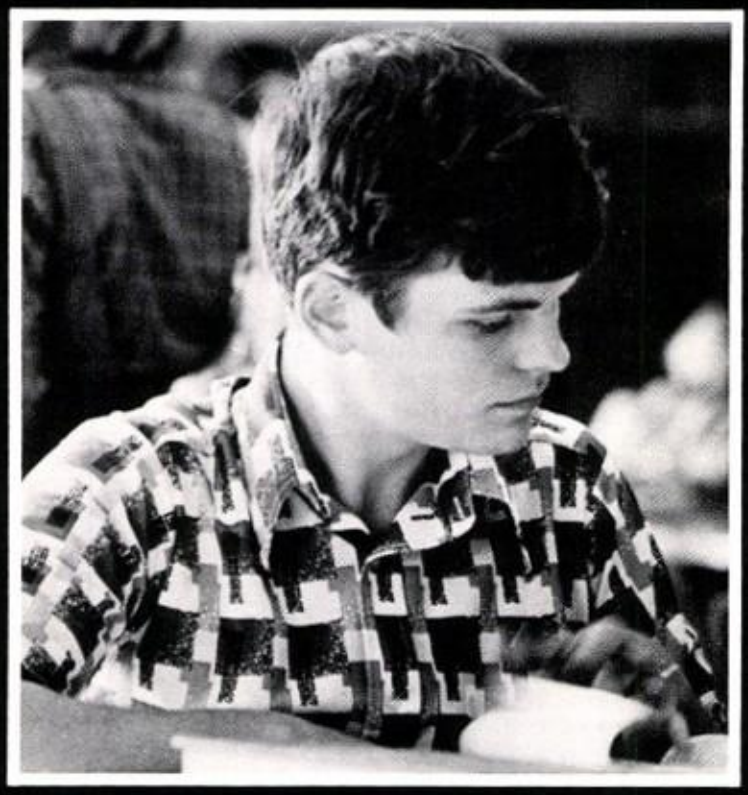


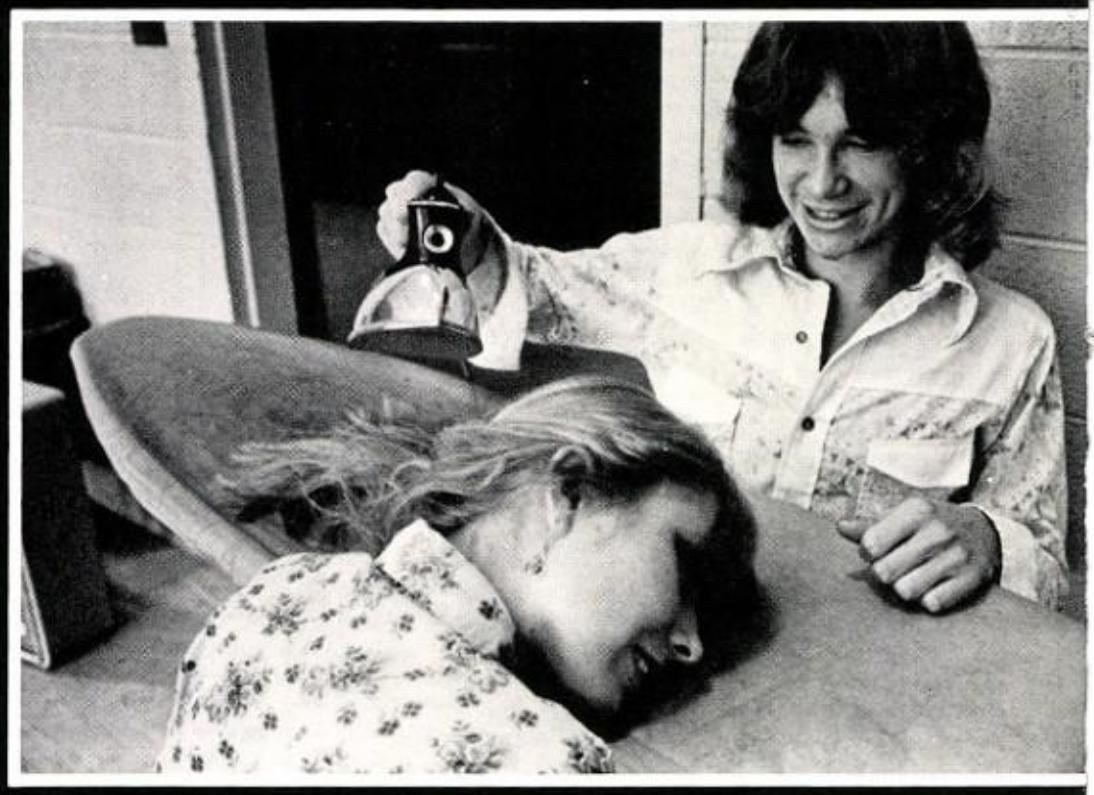


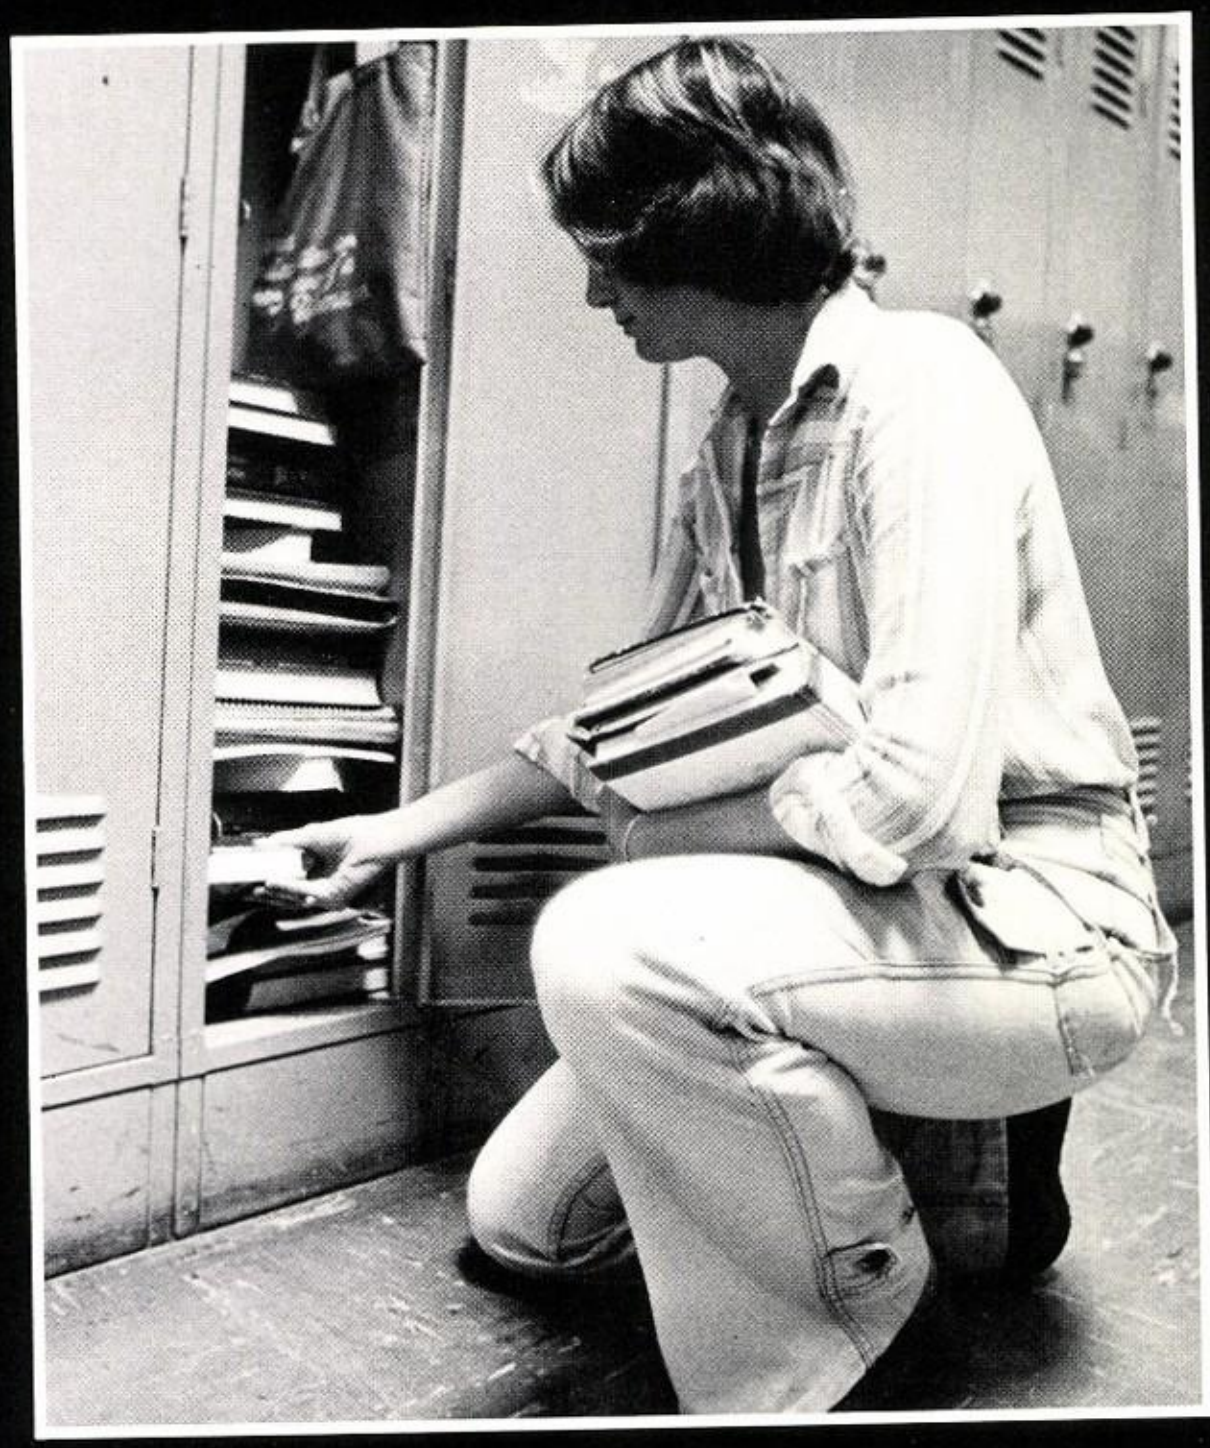


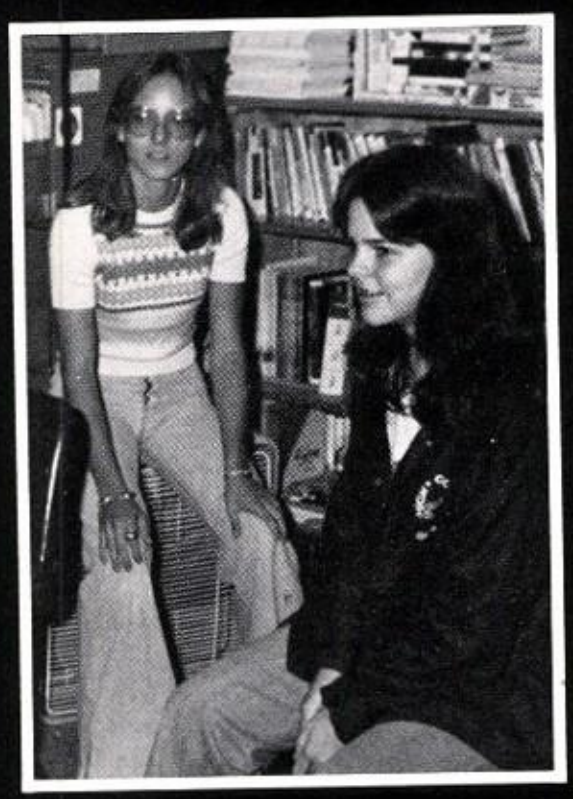
Why are we great?
Because of our people . . .
people doing things, saying things, whispering . . .
people doing nothing, saying nothing,
just being people.

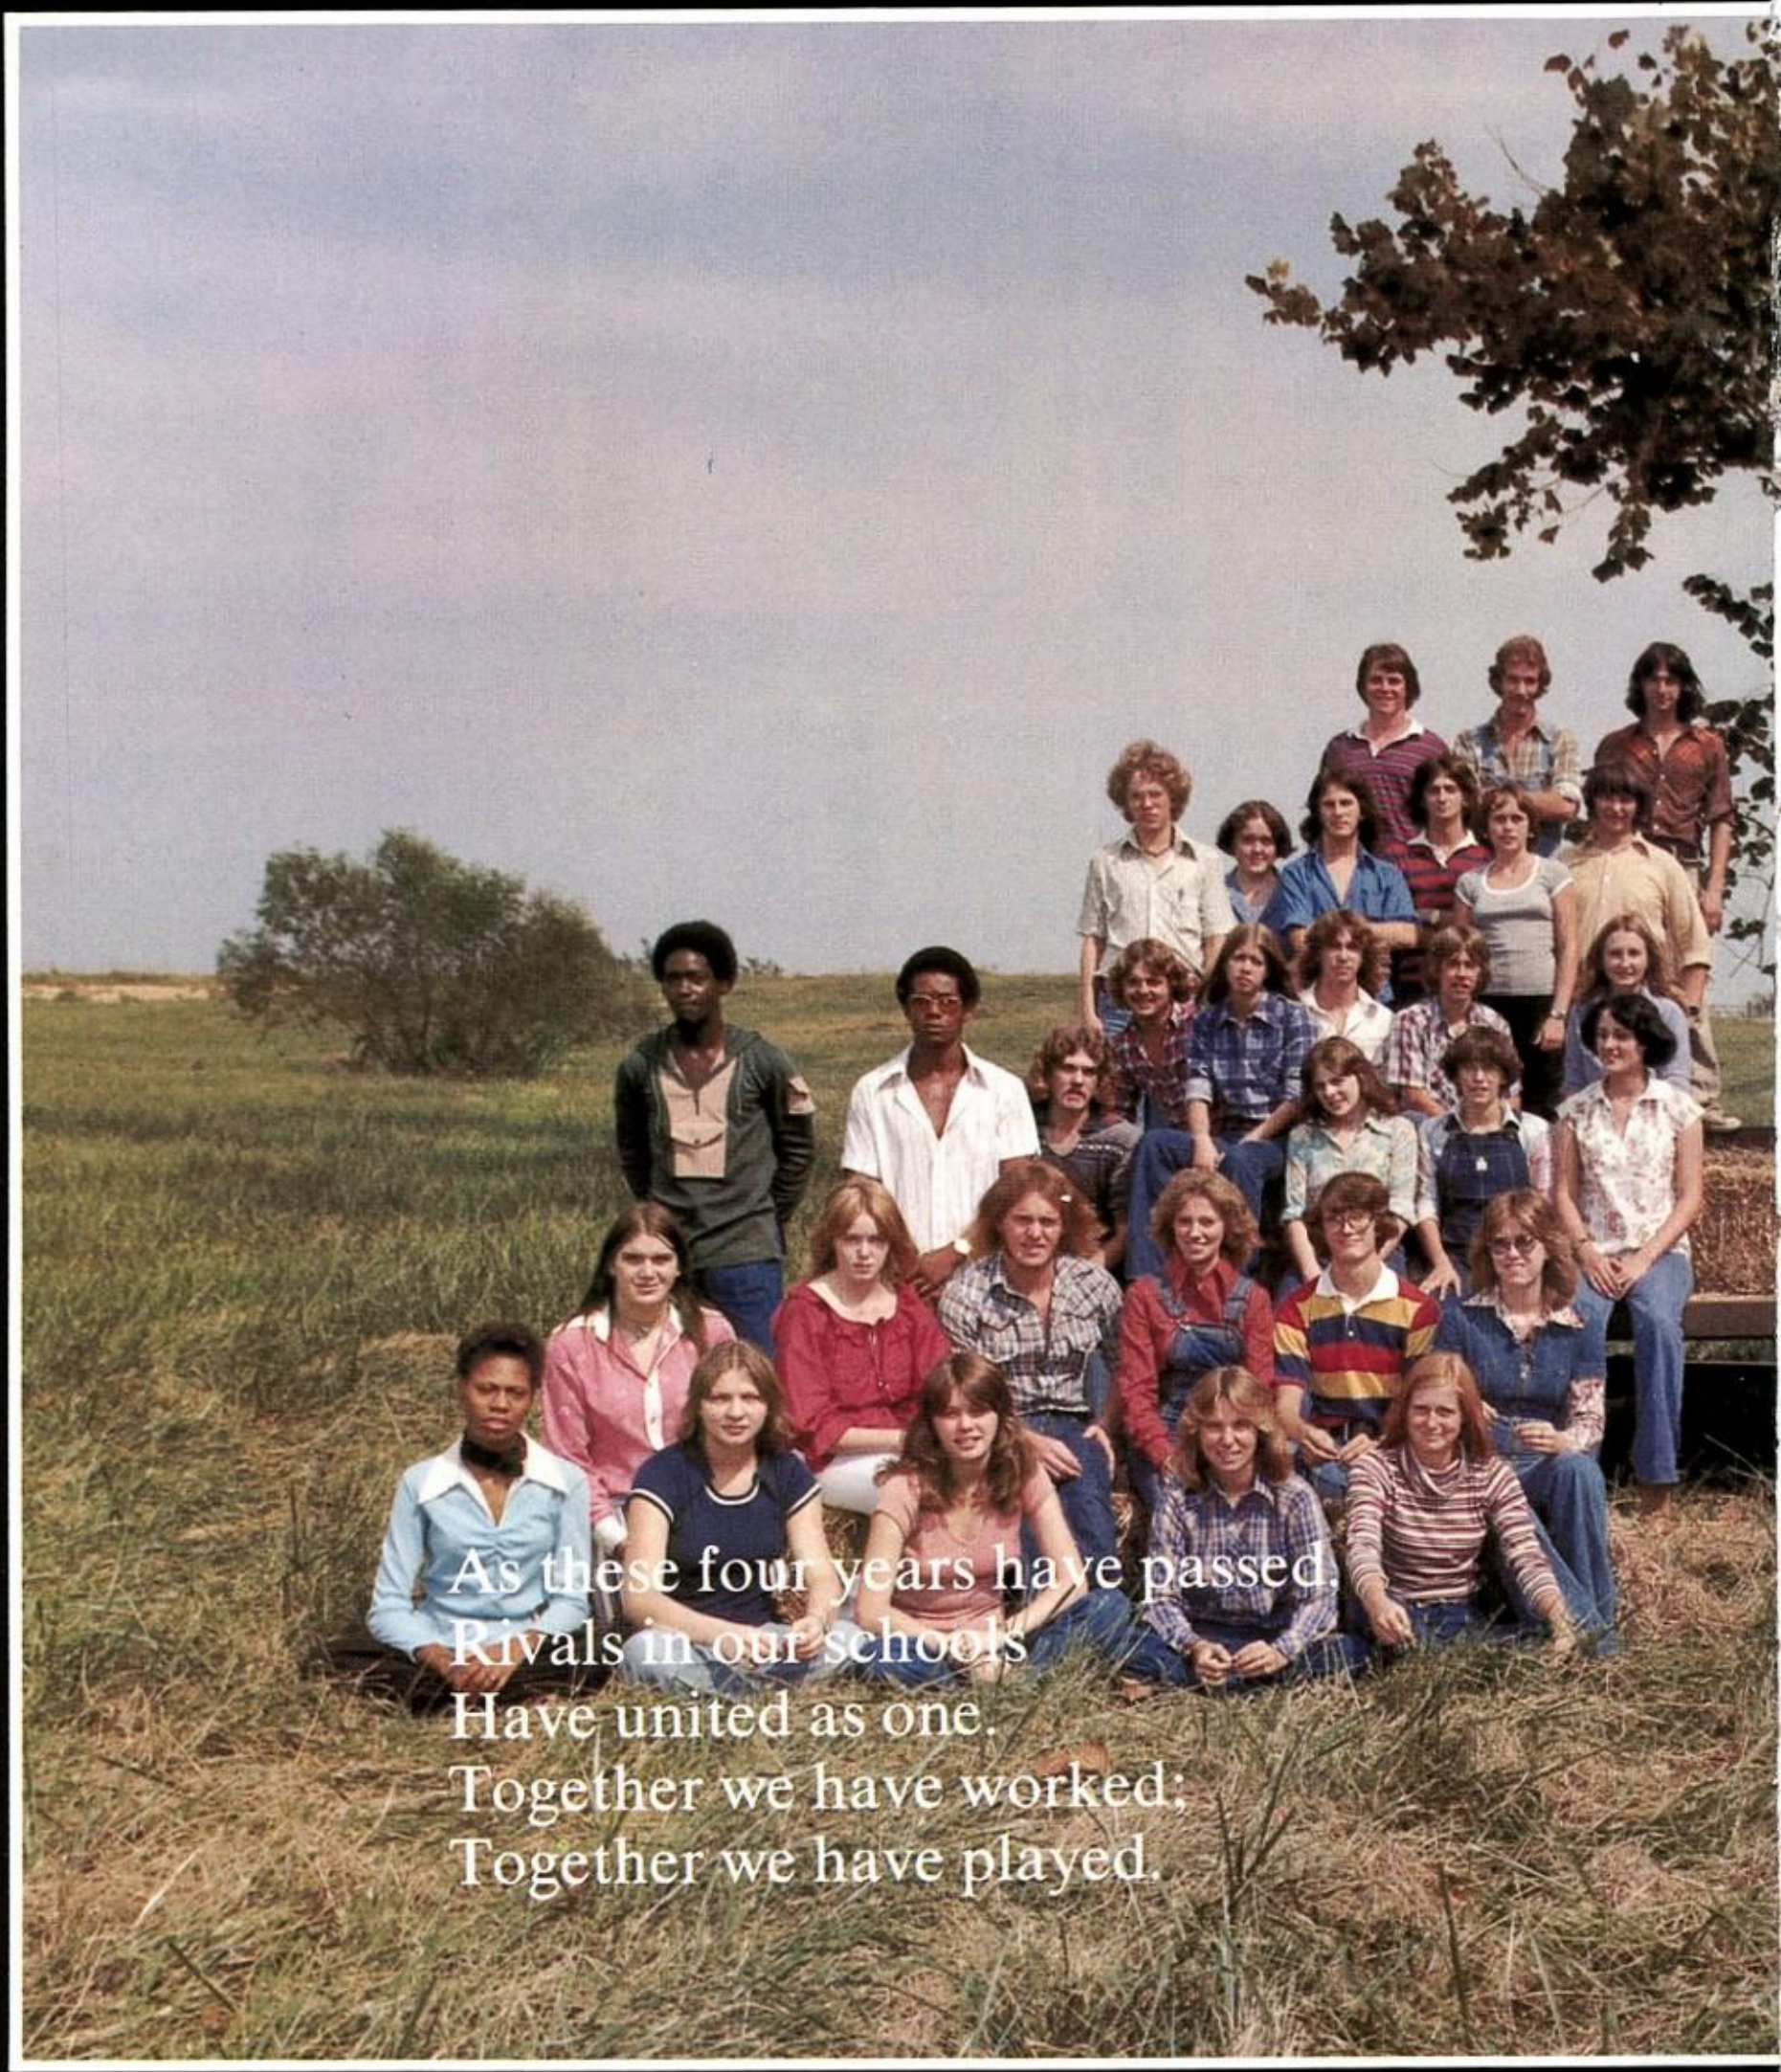




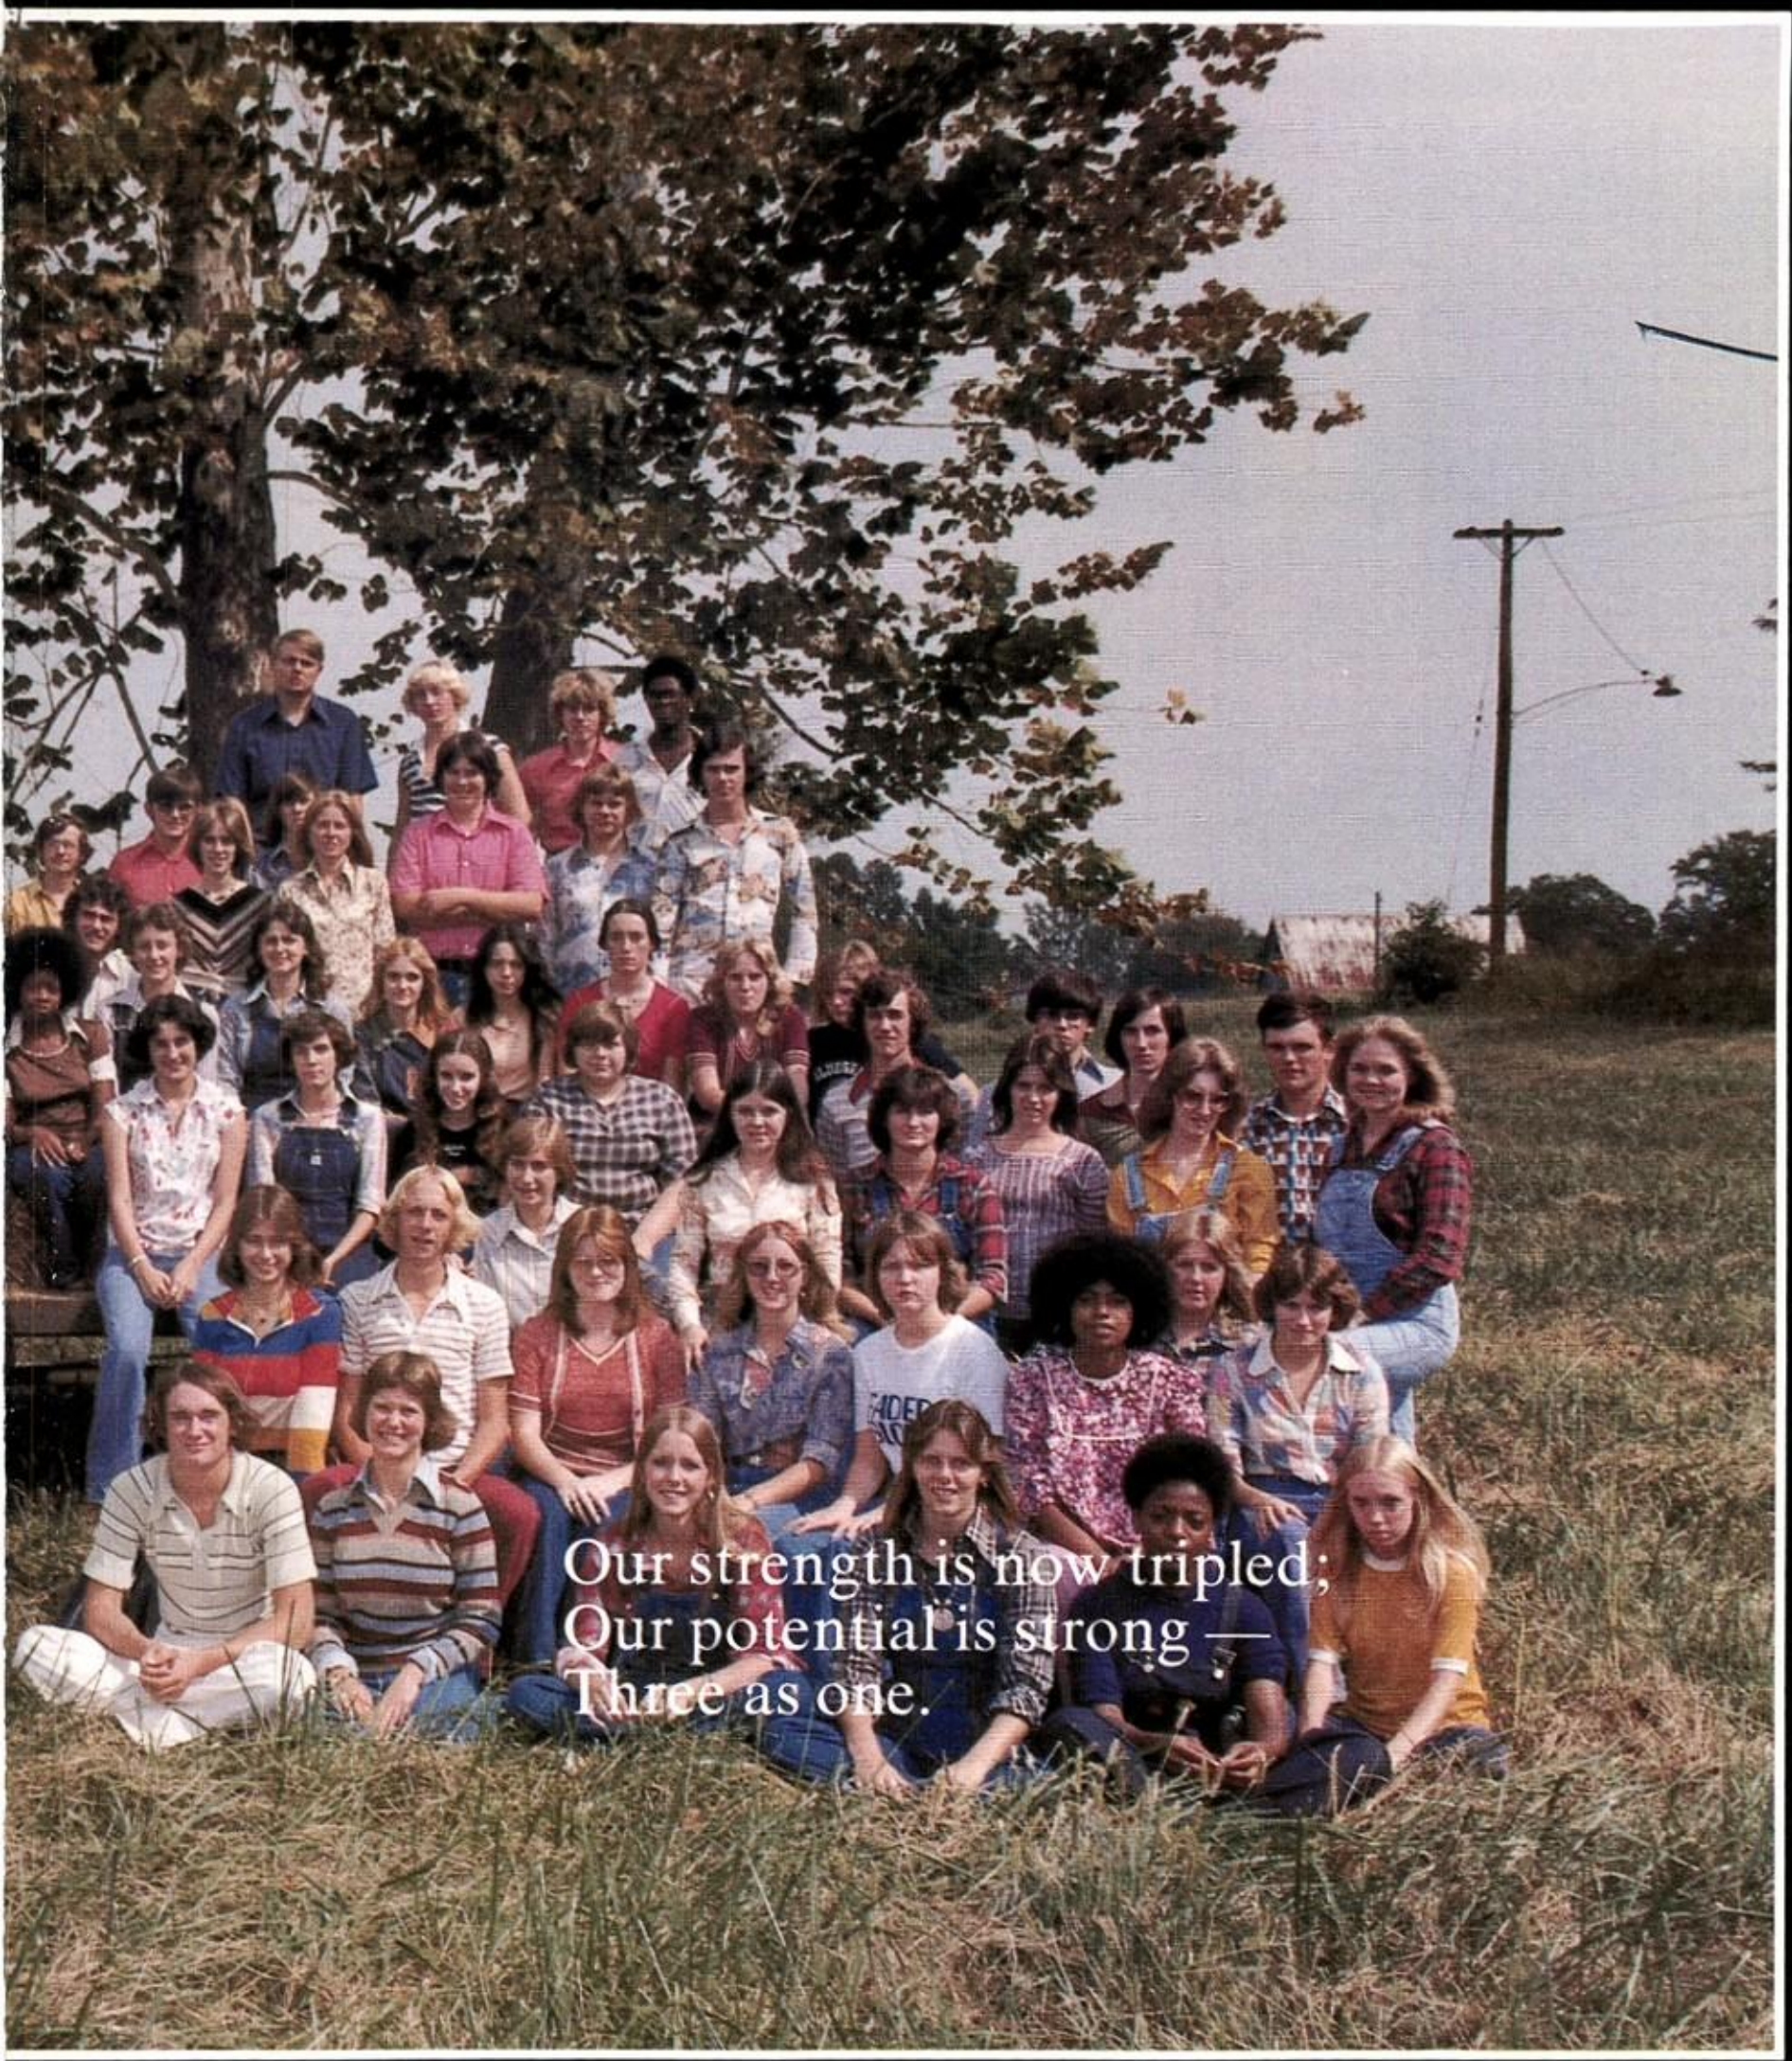






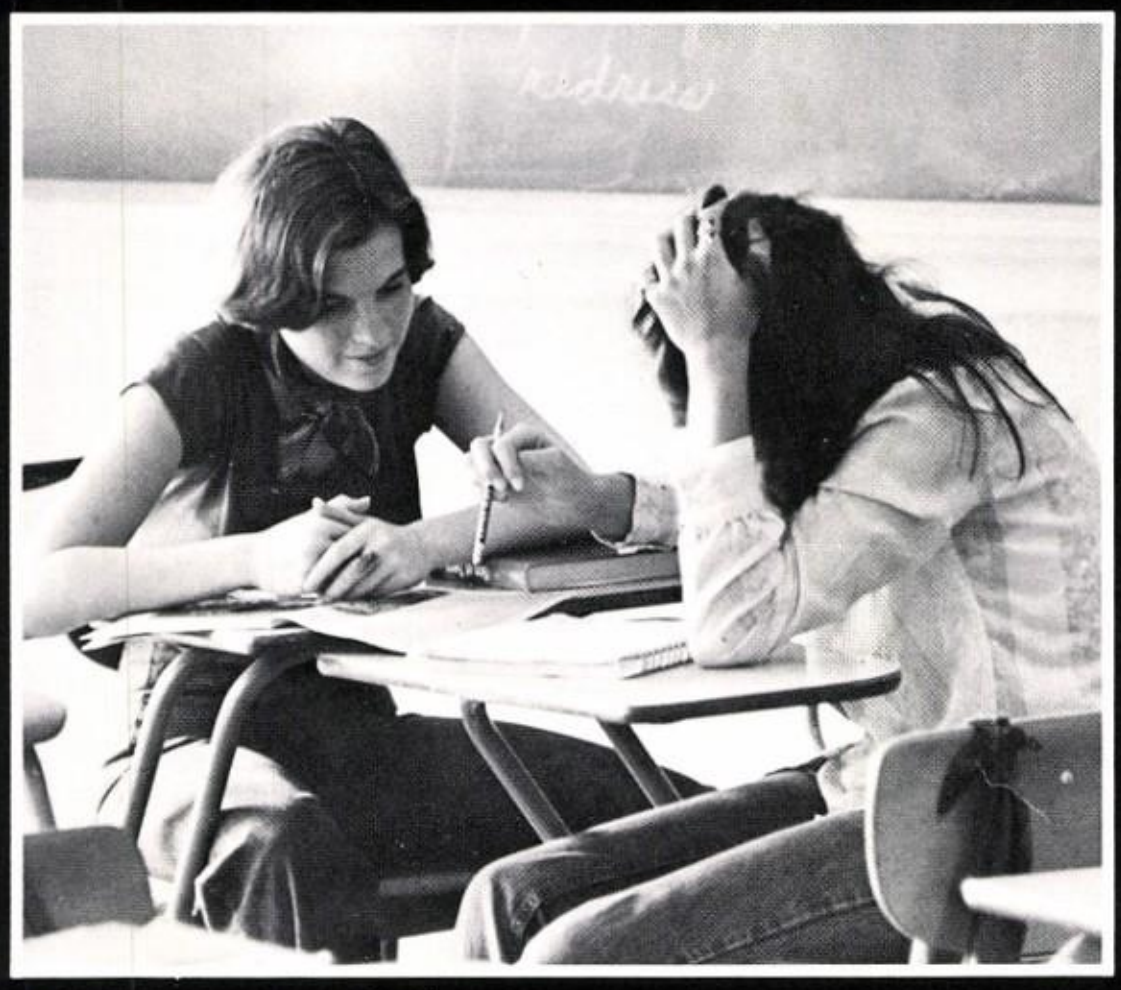


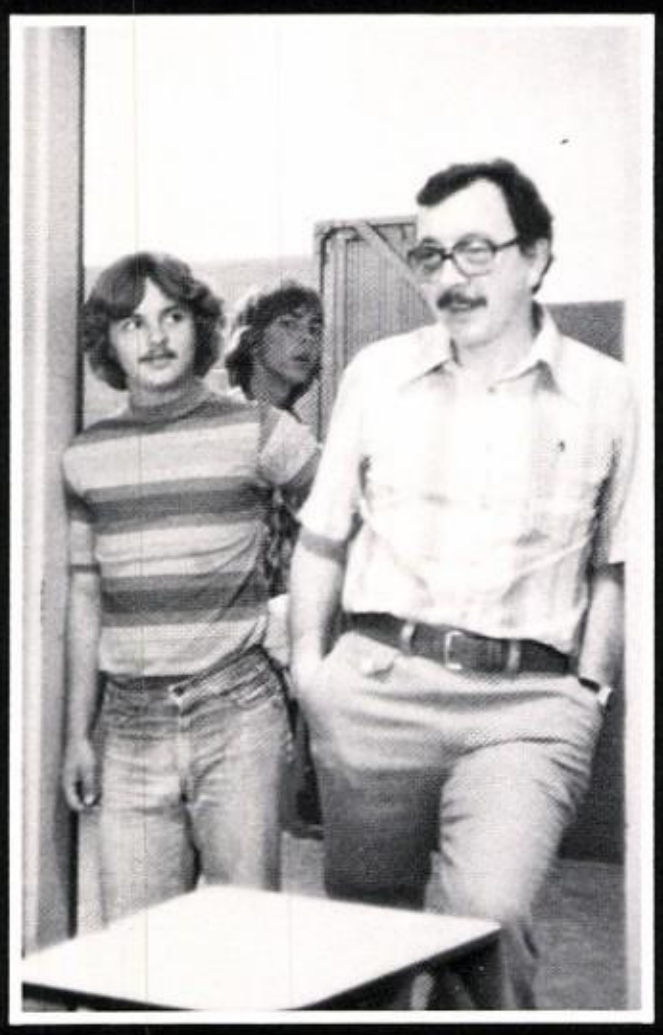
As these four years have passed.
Rivals in our schools
Have united as one.
Together we have worked;
Together we have played.

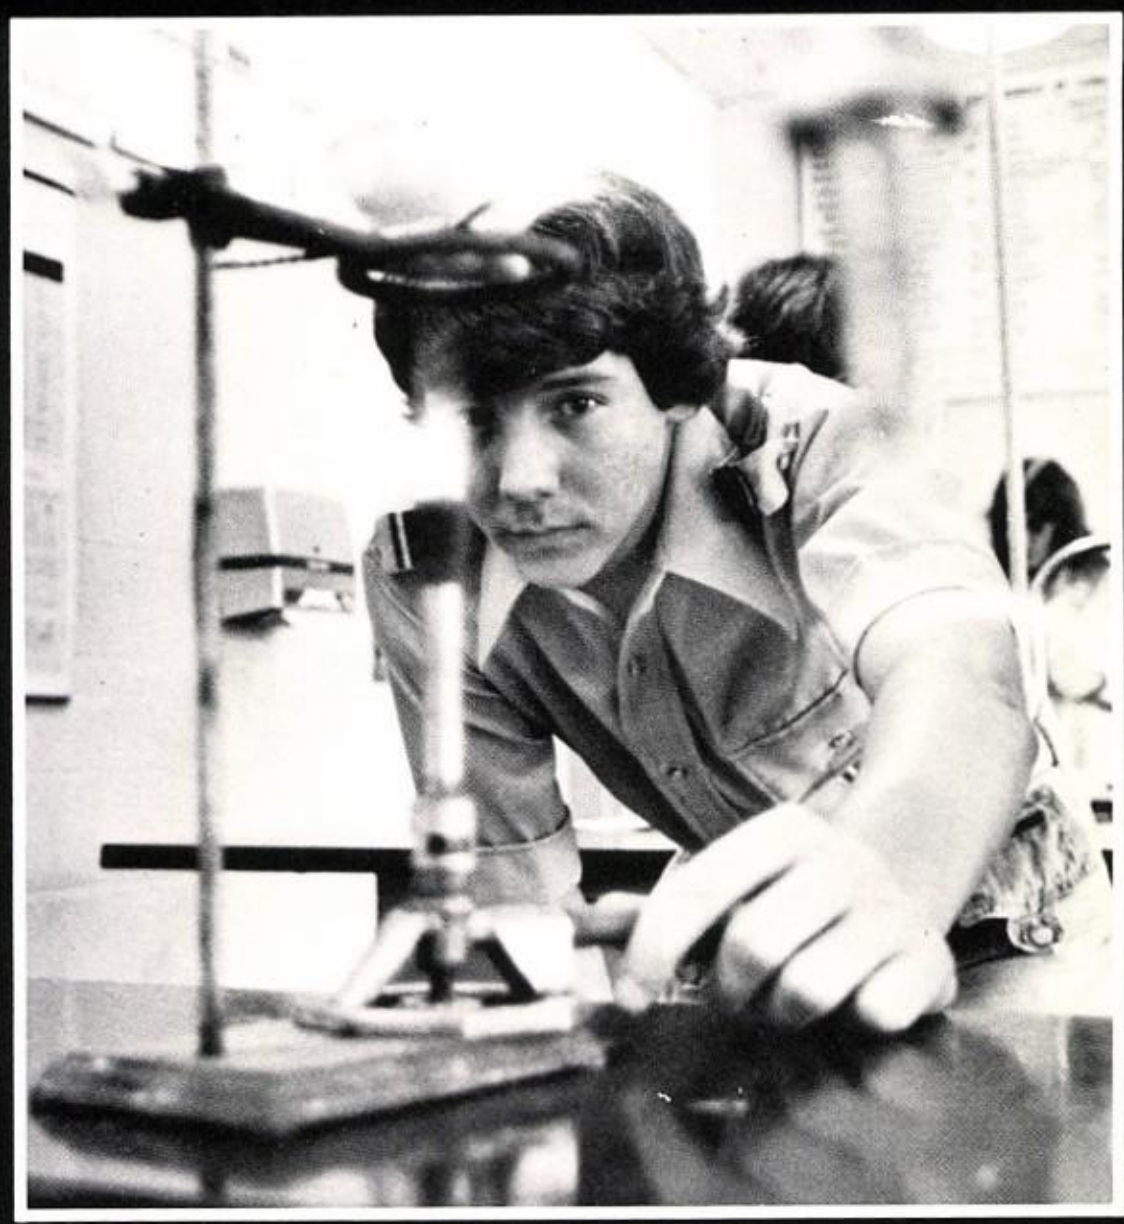


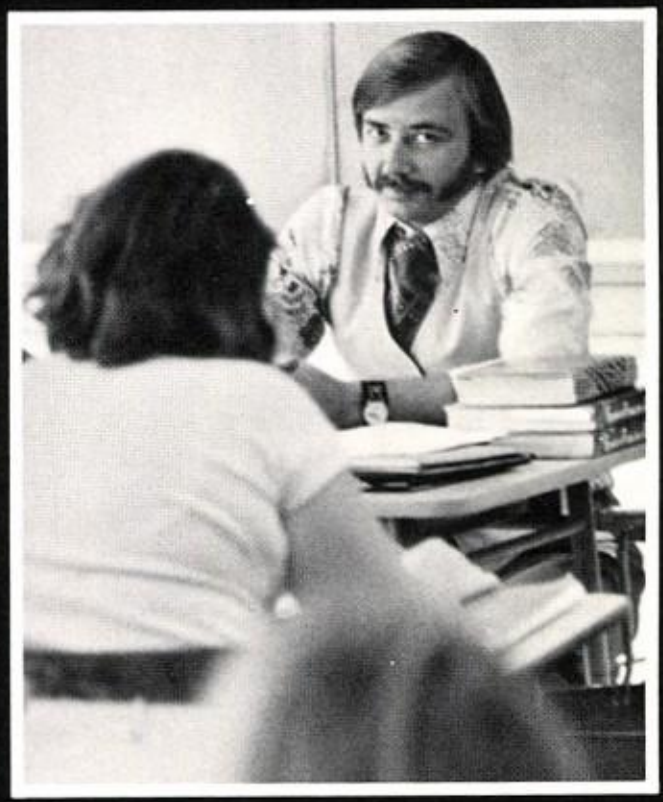
Our strength is now tripled;
Our potential is strong —
Three as one.

People teaching, people studying
people learning,
people sharing, people giving,
people CARING.

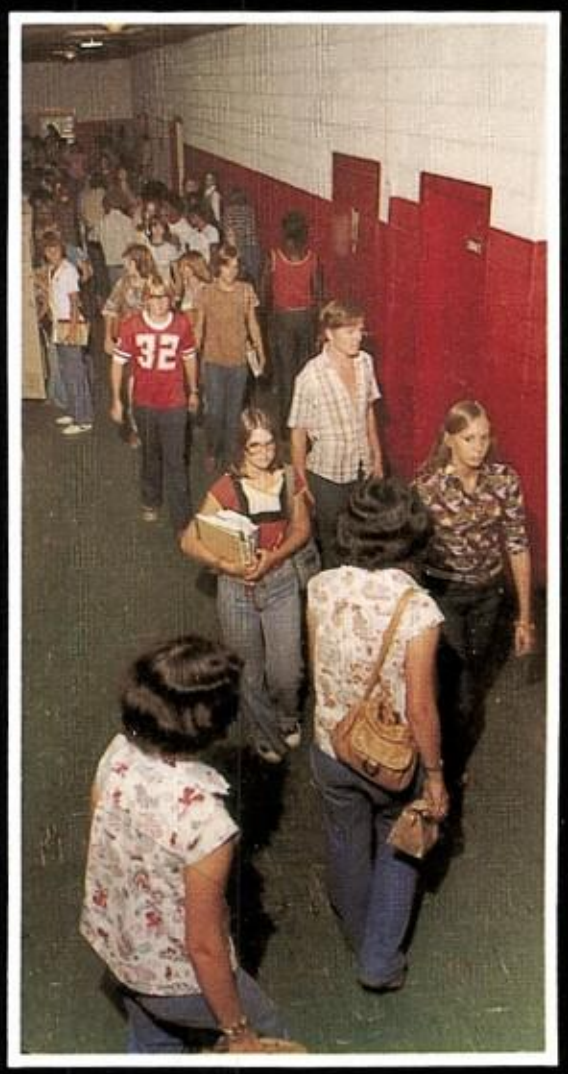




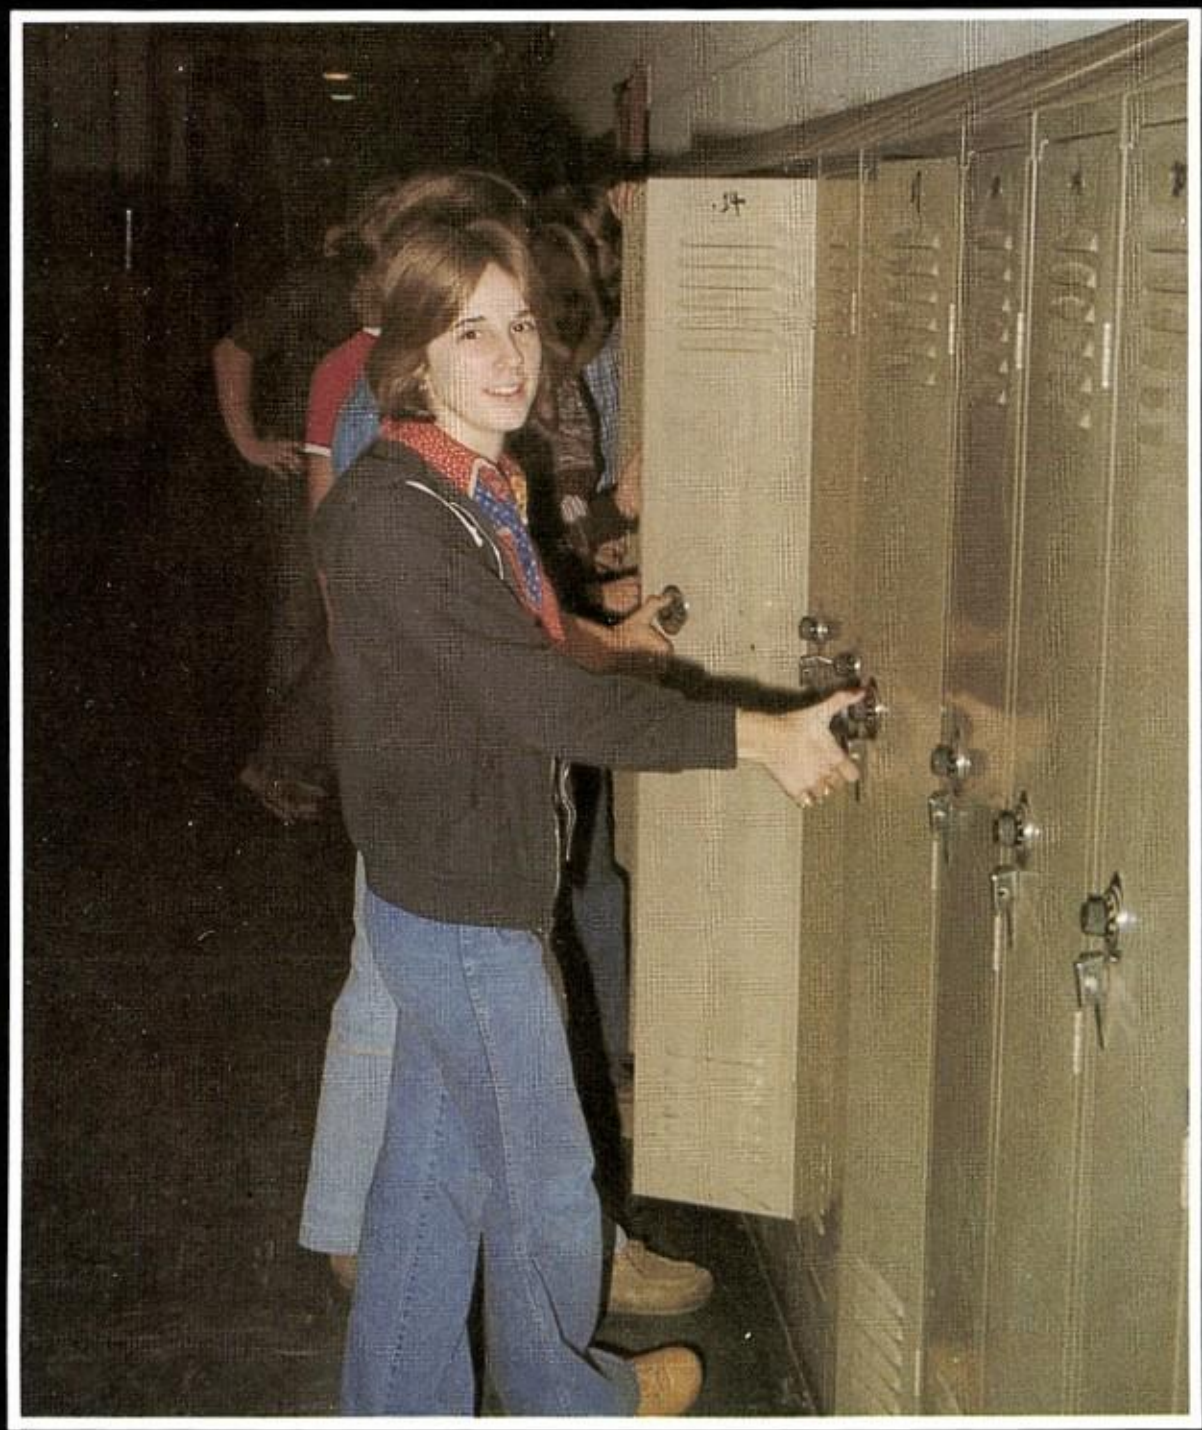




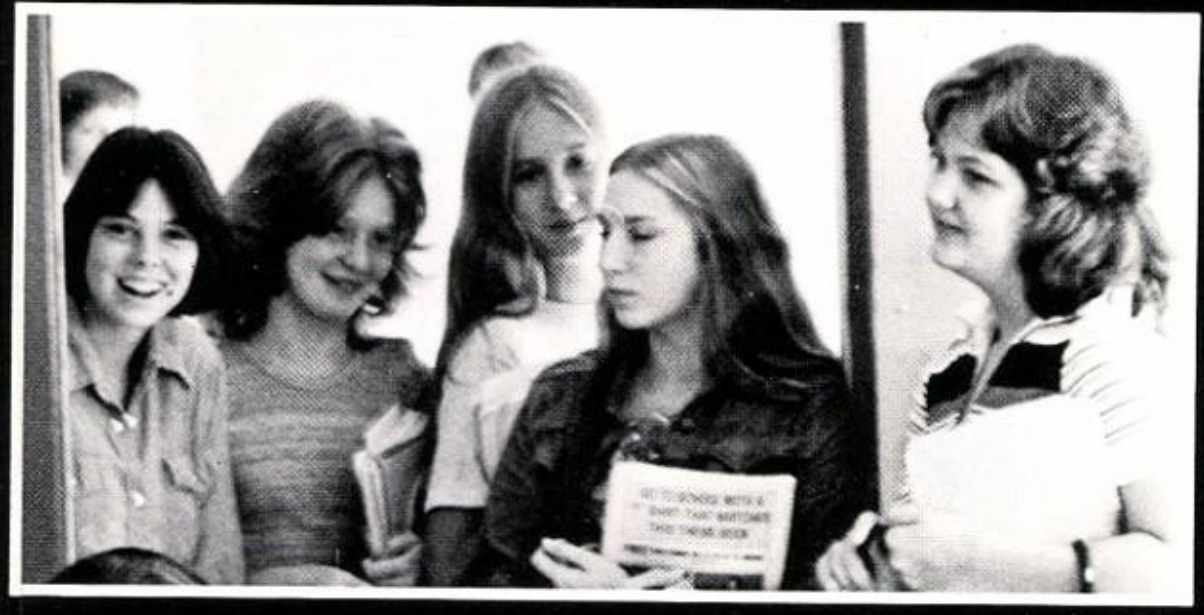
People, people, we've got people . . .
miles and miles of people . . .

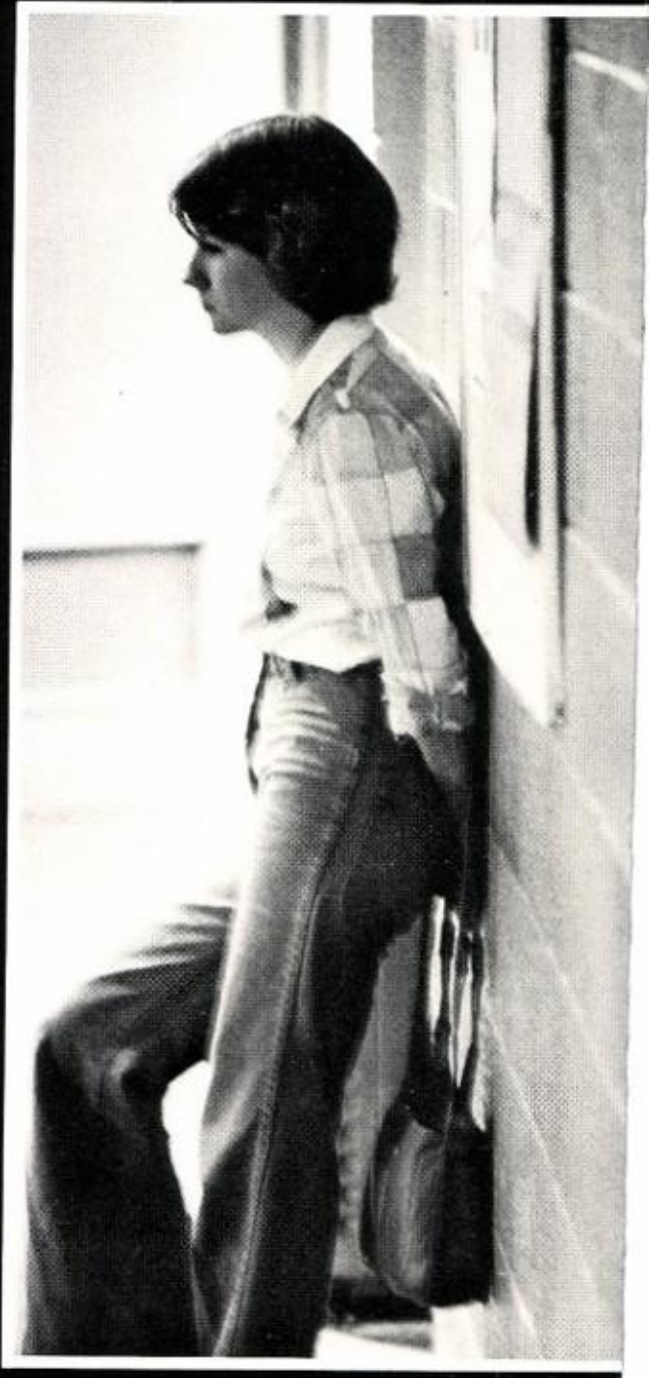


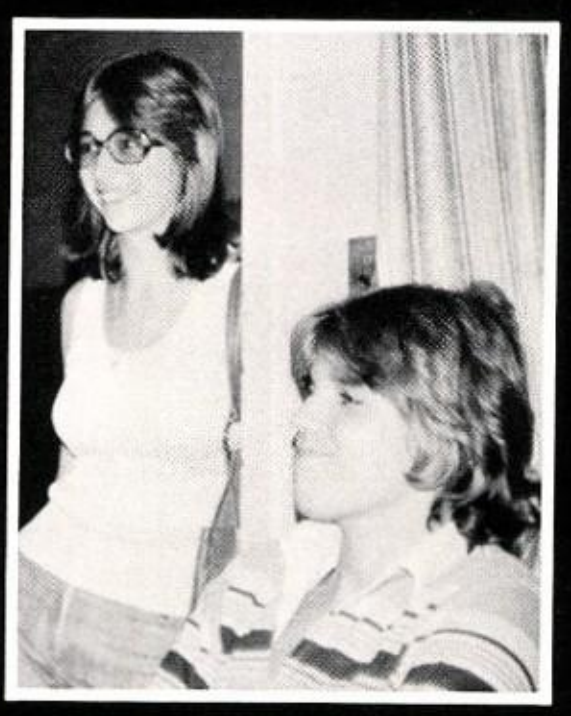
32

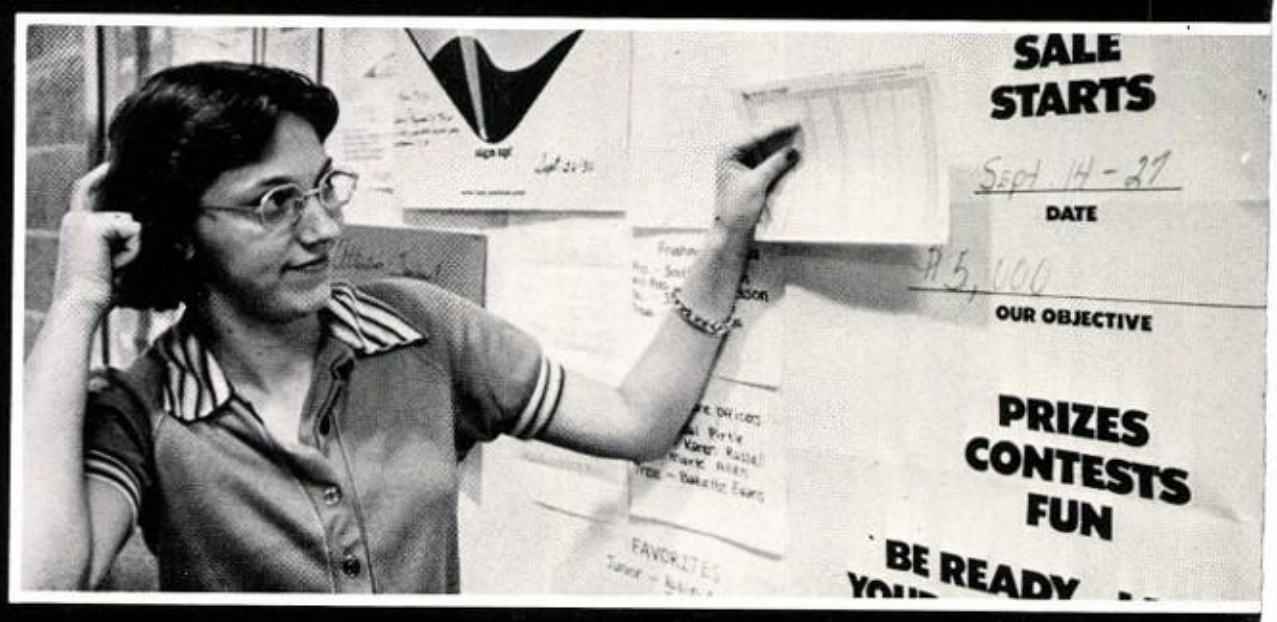


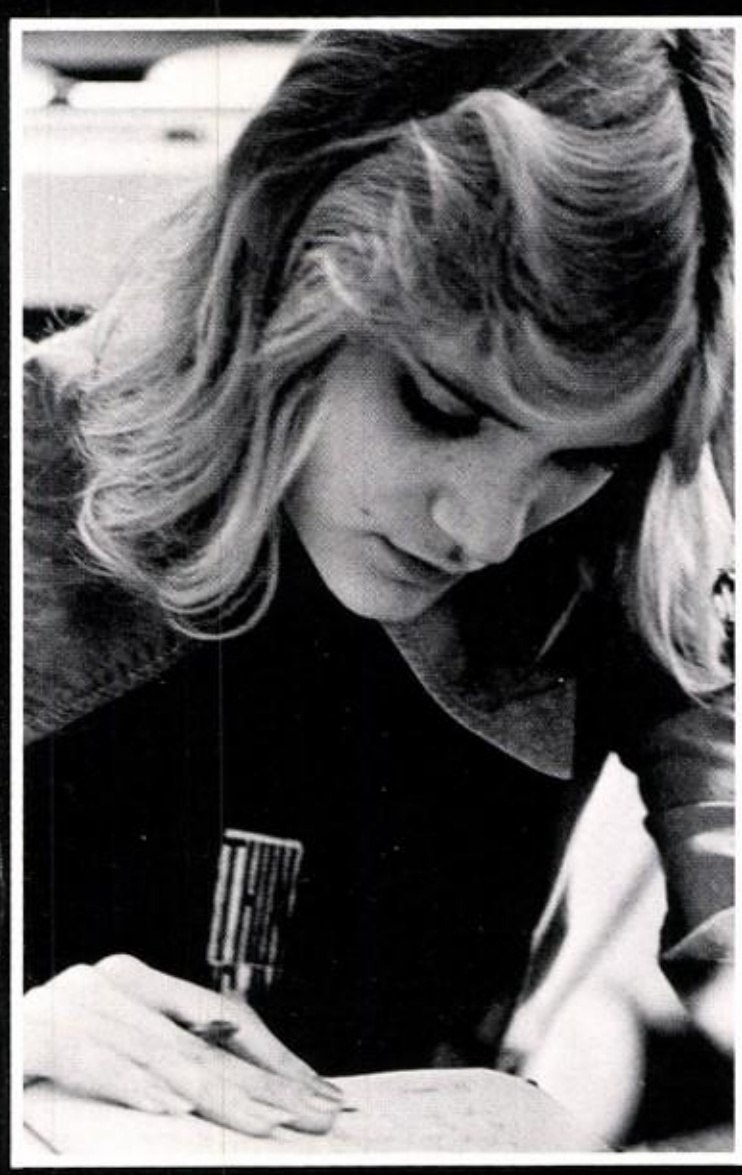
People smiling, people laughing,
people frowning . . .
people reflecting, doubting, pondering
. . .
people just being people.











People . . . above ordinary . . .
highest . . . excellent . . .
GREAT!

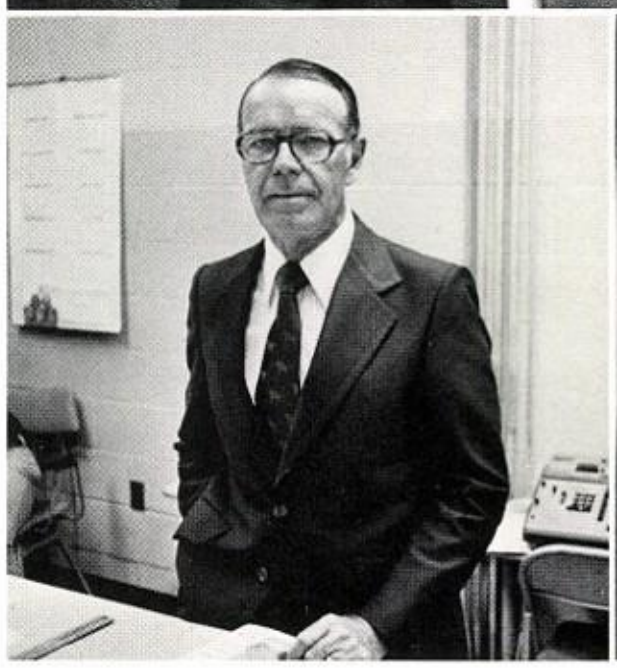
Dedication

In special recognition of their numerous years of loyal service to the Hickman County School system, we, the senior class of 1978, dedicate the FALCON to three outstanding educators, Mr. James H. Phillips, Mr. Earl Bolin, and Mr. Wayne Hurd. All three have been on the scene since Hickman County High first opened its doors in the fall of 1959.

When James H. Phillips was a student at Tolu High School, the basketball team of which he was a member "went to state" twice. As a young coach at Central High School in Clinton in 1941, he again saw his team win the coveted trip to the state tournament. He coached in other area schools and became principal of Central in 1945 and of HCHS in 1959. Recently he was named an honorary member of the First Region Kentucky Coaches Association. A former president of the Clinton Rotary Club, he enjoys golfing, fishing, and hunting.

After forty-two years of service, Mr. Phillips shares with the class of 1978 a commencement. Both of us anticipate new horizons. This common experience gives us a special feeling for him.



Wayne Hurd has been teaching Vocational Agriculture for thirty-three years in the county school system. He began his career at Fulgham High School where the FFA once honored him with a "This Is Your Life" program. After the organization of HCHS, he continued teaching in his chosen field. Among his teaching duties has been the training of student teachers. He also has conducted adult classes each winter in welding and farming. Mr. Hurd has been the recipient of several awards in the agriculture field.

Known to HCHS students as "Mr. B.," Earl Bolin began his teaching career in the county school system in 1949 as an agriculture teacher at Central High School. While Mr. Bolin was teaching at Central, two of his students received their American Farmer degrees at the National Convention. He received the first Hickman County Chamber of Commerce Agriculture Award for his contribution to agriculture through vocational education. Besides his teaching duties, he has also served as school bookstore operator and timekeeper at Falcon basketball games.

I'm a senior; so what? There are only a few weeks of school left and then I'm out in the big world. I can hardly wait until gra[illegible]tion night. I'll walk up, get my diploma, and run[illegible] what if I don't know where I'm running? Be[illegible] I did was follow the crowd. Where do I go[illegible] always had the security of the school routine[illegible] friends say they'll keep in touch, but I know they won't. I wonder how long it will be before the memories that have meant so much begin to fade. After twelve years, I should be ready to move on, but I feel I'm leaving a part of me behind. Maybe that's good though. But right now it hurts a little. I guess I have changed. Perhaps everything is really just beginning . . .
